	Ontario March of Dimes, Toronto	<p>Accessible Documents Training Courses March 7, 2012 at 9:00 AM - 12:30 PM</p> <p>http://accessabilityadvantage.ca/cms-assets/documents/44991-981646.a-documenttrainingcourse.pdf</p> <p>Learn to create accessible Word and PDF documents. Introduction to Accessible Word Documents: March 7, May 14, September 26. Overview of Tagged Accessible PDF Documents: March 28, May 28, October 3.</p> <p>AccessAbility Advantage, a joint venture between March of Dimes and Quadrangle Architects is offering half-day courses on creating accessible documents. Training is delivered by Monica Ackermann, who sat on the AODA standards development committee and supports organizations with improving digital accessibility. Participants will develop accessibility skills, lower the cost of creating accessible documents and be prepared to comply with the law. The program is interactive, incorporating practical exercises on your own laptop. You will preview the accessibility of your documents and gain an understanding of accessibility limitations and where to get advanced support for important and highly public documents.</p> <p>Additional course details are available at http://accessabilityadvantage.ca/cms-assets/documents/45075-595650.document-accessibility-courses.doc (Word).</p> <p>For more information and to register http://www.AccessAbilityAdvantage.ca, info@AccessAbilityAdvantage.ca; (416) 425-3463 x 7286; 1 (800) 263-3463 x 7286</p> <p>Labels: accessibility, MS Word, pdf, screen magnifier, screen reader, wcag, Web Content Accessibility Guidelines, accessible document, tagged pdf</p> <p>Event Organizer: Frances Jewett (Business Development Manager at AccessAbility Advantage)</p>	Technical

No	US HHS CDC Accessible Word Documents	ID 00012747 Description: The Accessible Word Documents course explains how to use Microsoft® (MS) Word® to create documents that are accessible to persons with disabilities. A short module on Section 508 of the Rehabilitation Act of 1973 covers terminology and important concepts regarding accessibility. Other modules explain HHS accessibility requirements for MS Word documents and how to meet them. Topics include structuring documents and using styles, graphics, tables, and tools correctly. The course concludes with tips for checking your documents for accessibility. Upon completion of the posttest, learners can download printable job aids that reference how-to perform selected tasks covered in the course.	Howard M. Smith, CDC Section 508 Official Mark Urban, Section 508 Coordinator	Free
