

HHS Section 508

Subpart C - 1194.31 Functional Performance Criteria

Checklist

Functional Performance Criteria: _____

Tester Name: _____ Phone: (____) _____

Tester Signature: _____ Date: _____

Fully Compliant (FC): All instances fully meet the standard as defined below

Non-Compliant (NC): All instances did *not* meet the standard

Partially Compliant (PC): Partially met and requires further explanation

Not Applicable (N/A): Standard is not applicable to this application

Not Tested (NT): Standard was not tested

Requirement Guidelines: Compliance is defined as meeting the requirements set forth in the Section 508 Technical Standards, Subpart C - [Functional Performance Criteria](#) and Subpart D - [Information, Documentation and Support](#).

Any item not rated as fully compliant needs an explanation *in detail* as to why the standard was not met. Enter the ID number and an explanation in the space provided at the end of the checklist.

NOTE: The performance requirements of this section are intended for overall product evaluation and for technologies or components for which there is no specific requirement under the technical standards in Subpart B. These criteria are designed to ensure that the individual accessible components work together to create an accessible product. They cover operation, including input and control functions, operation of mechanical mechanisms, and access to visual and audible information. These provisions are structured to allow people with sensory or physical disabilities to locate, identify, and operate input, control and mechanical functions and to access the information provided, including test, static or dynamic images, icons, labels sounds or incidental operating cues.
