Enterprise Performance Life Cycle (EPLC)

- **EPLC Framework V1.4**
  - Available from HHS as of October 6
  - Now posted on SharePoint for planning and information purposes
  - Full release at NIH to be coordinated with phase-in of Security-related changes
  - Changes are primarily security-related, including changes to security terminology and a few security deliverables, and some refinements to Phase activities and Security Critical Partner responsibilities

Operational Analysis Update

- Operational Analysis is a performance management method for measuring and monitoring the performance of an IT system in production and reporting the "Business Value of IT"

- OA performance data serves the needs of multiple management tiers, including Operations Managers and Technical staff, Business Owners, Governance bodies

- FY2011 OA activities
  - Interim OA Reports due November 18, 2011
  - Investment Health Assessments are underway & will finish December 9
  - Final OA Reports due January 6, 10212
  - Technical Reviews will begin in mid-January

- FY2012 OA activities
  - Revised NIH Operational Analysis Management Framework, version 2.0, was released in August
  - Metric Definitions due September 9, 2011

Note: Dates apply to centrally funded Enterprise Systems

Project Management Brown Bag Sessions

- EPLC Brown Bag held on Wednesday, October 26: Informal Discussion on the EPLC Overview Training and IC adoption of EPLC
    - Feedback received on current and planned EPLC Training
    - Ideas shared on current areas of work on EPLC across NIH

- Suggested topics for future Brown Bags included Tailoring and Completion of EPLC Artifacts

PM Training and FAC-P/PM Certifications

- Second EPLC course that addresses the later EPLC phases (Design through O&M and Disposition) is being developed; first offering for this class is tentatively planned for late January, 2012.

- IT PM Training Courses
  - Planning underway for 2012 classes
